PUMPS SO WILD, THEY HOWL!

Enter the electrifying new products
from Monkey Pumps: Black Howler and Red Howler.
Get 'em! Love 'em! Pump 'em!

BLACK HOWLER

Model E-01
12 GPD @ 250 PSI

RED HOWLER

Model E-02
33 GPD @ 150 PSI

www.monkeypumps.com

Features

- **Manual Control** by on-line adjustable stroke rate and stroke length
- **Agency Approved** for demanding outdoor and indoor applications
- **Highly Reliable** timing circuit
- **Circuit Protection** against voltage and current upsets
- **Solenoid Protection** by thermal overload with auto-reset
- **Water Resistant**, excellent for outdoor and indoor applications
- **Internally Dampened to Reduce Noise**, very acceptable for household installations
- **Guided Ball Check Valve Systems**, to reduce back flow and enhance outstanding priming characteristics
- **Premium Standard Wetted Component Materials**
- **Few Moving Parts** and **Wall Mountable**
- **Safe & Easy Priming** with durable leak-free bleed valve assembly

Operating Benefits

- Reliable metering performance
- Rated "hot" for continuous duty
- High viscosity capacity
- Leak-free, sealless, liquid end.

Controls

- Manual Stroke Rate 10:1 Ratio
- Manual Stroke Length 10:1 Ratio
- Total Turndown Ratio 100:1 Ratio

Dimensions

Model	A	B	C	D	E	Shipping Weight
Black Howler	5.0"	9.6"	9.5"	6.5"	8.2"	10 lbs
Red Howler	5.0"	9.9"	9.5"	6.5"	8.5"	10 lbs

NOTE: inches x 2.54 = cm

Spec	Units	Black Howler	Red Howler
Flow Rate	GPD	12	33
	GPH	0.5	1.375
	LPH	1.9	5.2
